THE STATISTICS

Of Third Census of Telegraph Systems in United States

WASHINGTON, Aug. 14.—The third census of telegraph systems in the United States, taken by the United States census bureau, has been completed. The census shows that there are 1,477,000 miles of telegraph lines in the United States, and that the total value of the telegraph systems is \$1,477,000,000.

The census also shows that there are 1,477,000 miles of telegraph lines in the United States, and that the total value of the telegraph systems is \$1,477,000,000.

The census also shows that there are 1,477,000 miles of telegraph lines in the United States, and that the total value of the telegraph systems is \$1,477,000,000.

Telegraphs and Telephones

Another table shows that there was a grand total of 1,477,000 miles of single wire in the telegraph and telephone systems. Of this, the telegraph systems controlled 1,200,000 miles, of which there were 1,000,000 miles of single wire, 200,000 miles of double wire, 200,000 miles of triple wire, and 200,000 miles of quadruple wire.

A comparative summary deals with the telegraph and telephone systems, showing that the telegraph systems controlled 1,200,000 miles of single wire, 200,000 miles of double wire, 200,000 miles of triple wire, and 200,000 miles of quadruple wire.

The grand total of single wire mileage was 1,200,000 miles, of which the telegraph systems controlled 1,000,000 miles, and the telephone systems controlled 200,000 miles.

The grand total of double wire mileage was 200,000 miles, of which the telegraph systems controlled 150,000 miles, and the telephone systems controlled 50,000 miles.

The grand total of triple wire mileage was 200,000 miles, of which the telegraph systems controlled 150,000 miles, and the telephone systems controlled 50,000 miles.

The grand total of quadruple wire mileage was 200,000 miles, of which the telegraph systems controlled 150,000 miles, and the telephone systems controlled 50,000 miles.

The grand total of single wire mileage was 1,200,000 miles, of which the telegraph systems controlled 1,000,000 miles, and the telephone systems controlled 200,000 miles.

The grand total of double wire mileage was 200,000 miles, of which the telegraph systems controlled 150,000 miles, and the telephone systems controlled 50,000 miles.

by filling vaudeville engagements in the fall and a greater part of the winter. If they were dead, they would begin training at once instead of indulging in foolishness. It is unsafe to wager that they will actually fight until they are sewed up with perfects and have agreed upon every minute detail.

Meanwhile Johnson will have to wait for the next decisive moment before he can hope to convince sporting men that he has a chance with Jeffries. If the latter is really himself. Within the next sixty days, the time allotted for receiving "promoters' bids," it is probable that offers for the proposed fight will come from various parts of the country where there absolutely no chance for the men to fight. When bids are opened sporting men say that Promoters Cuffaro and McChesney of California and Los Angeles will be heard from, also Hugh J. McIntosh of Australia.

Johnson and Cuffaro are both residents in Nevada, which will be the only ones worth considering. It is generally believed in California that Cuffaro already has a secret agreement with Johnson to fight at Comstock and that the negro will promptly accept this offer for a forty-day round fight. As a matter of fact, it is believed that Johnson, just outside the city limits of Los Angeles, where McChesney can pull off a forty-day round fight, is barely possible that a serious fight may arise over the selection of a referee.

In a word, the proposed fight between Johnson and Jeffries is a long shot and it is believed that much diplomacy will be required to get the big fellows into the ring.

Has Ketchel decided to sign out of his record bout with Sam Langford at the Fairmont A. C. in New York on September 21? The club officials are working not a little to secure a definite word from Ketchel or Ketchel. From California comes a hint that Ketchel is trying to induce Ketchel to remain in the ring for a forty-day round fight with Ketchel early next month and has offered special inducements to the middleweight champion to surrender Langford. If Ketchel goes back on his agreement to box before the Fairmont club it is believed that he will secure many friends in the east and that he will strengthen his position in the quarters that he does not care particularly for Langford's game.

IN THE PULPITS

Subjects of Tomorrow's Sermons Announced

The following sermon-topics appear in the church notices for tomorrow:

Advent—Advent Christmas: Preaching by the pastor morning at 10:30 and evening at 8:30.

Baptist—Worship Street, 10:30 a. m. The Comforting Cross: 6:30 p. m. Union service in Methodist church. Churchmen: 10:30 a. m. A Visit to Mount Sinai. 6:30 p. m. Phila Affection.

Congregational—Central, 10:30 a. m. Why the King Hated Life. 6:30 p. m. Why the King Hated Life. 6:30 p. m. Why the King Hated Life.

Episcopal—St. Anne's, 10:30 a. m. Full service and sermon. Rev. Charles S. Hutchinson will officiate. House of Prayer: 10:30 a. m. Holy Eucharist and sermon. 7 p. m. Exchange and sermon.

Evangelical—First, 10:30 a. m. The Only Hope. 7 p. m. Succession of Life. 7 p. m. Succession of Life. 7 p. m. Succession of Life.

Other Churches—Independent, 10:30 a. m. Central street, 6:30 a. m. 12:30 p. m. All Flesh Shall See the Salvation of God. T. E. Barker of Boston, the speaker. Shepherd Mission, 7:30 p. m. and 8 p. m. Rabbed by Mr. Shepherd. And so they called him.

Fire Engineers—WHERE VINDICATED BY THE MAYOR AND ALDERMEN. MANCHESTER, N. H., Aug. 14.—A hearing which has been in progress for two days, to give opportunity to Chief Thomas W. Lane and his associate engineers of the fire department to show cause why they should not be dismissed from office, was brought to an ending yesterday. It was voted by the mayor and aldermen to place the charges against the fire engineers on the table, and to adjourn. This is regarded as a vindication of the fire engineers.

Boxing Gossip—The literary club of Boston has completed its list for the August 24 meeting. It is a list of 100 names, including many of the most famous names in literature. The list is a list of 100 names, including many of the most famous names in literature.

Baseball Notes—Perhaps these Tigers are not getting the run they deserve. They played to 300 in two days in Boston and then to 300 in two days in Philadelphia. They played to 300 in two days in Boston and then to 300 in two days in Philadelphia.

Diamond Notes—Lowell plays at Spaulding park today. The Red Sox will play today and the Yankees will play today.

Amateur Baseball—The Lowell team will play today and the Yankees will play today.

Stony Brook League Games—The Lowell team will play today and the Yankees will play today.

Capt. Simon—The Lowell team will play today and the Yankees will play today.

Each Day—The Lowell team will play today and the Yankees will play today.

Hammocks—The Lowell team will play today and the Yankees will play today.

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Pilote, pressman, of The Sun, before me, January 1, 1909. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

LOOK OUT FOR ACCIDENTS.

The city authorities should take some steps to prevent any further accidents on the boulevard during the work of repairing the course. Strangers who come here may run into a hole or against some obstruction that will cause a serious accident. There should be a complete bar on the road on both sides of any such obstruction while the repairs are in progress. Unless extraordinary precautions are taken somebody will be killed before the time arrives for the races. The accidents that have occurred so far should cause the city authorities and the Lowell Automobile club to exercise the utmost precautions against any further accidents. As for the drivers themselves, they should do their part by exercising at least ordinary care.

VICTIMS OF BATHING IN THE CONCORD

Although we have already mentioned the danger of bathing in the Concord river, we understand that still some boys are bathing in the lower part of that river. Anybody who is at all skeptical as to the danger of blood poisoning from bathing in this open cesspool should see Dr. Lawler and Dr. McAdams. Dr. Lawler is attending a boy who got poison in his leg while bathing in the river a few months ago, and the lad is now only able to sit up and may not be able to use his foot for months to come. Dr. McAdams has recently taken charge of a similar case in which the victim was poisoned by bathing in the Concord river last September. The lad is now on crutches and may be crippled for life.

The poison brought out a lot of bad abscesses on the boys' legs and as a result the muscles and ligaments have been broken through repeatedly.

These are only two cases. We understand that other doctors have other cases quite similar. A boy might as well almost go bathing in a vat of sewage made more dangerous by the infusion of chemicals and putrid animal matter as in the lower Concord.

ANOTHER CRISIS IN POLICE AFFAIRS

The resignation of Police Commissioners Simon B. Harris and Winfred C. MacBrayne, two of the three men appointed by Mayor Brown to fill the vacancies caused by the removal of the old board on charges brought by the mayor, precipitates another crisis in the campaign of abuse which the mayor inaugurated against the police department when he declared himself a candidate last fall and which he has kept up with unremitting persistence ever since he entered office.

This unexpected event comes to add to the notoriety, the disgrace and the indignity our city has suffered as a result of Mayor Brown's personal and political brawls, not only with the police department but with almost every other municipal department.

As the two commissioners state in their letter, they could not longer remain in office under Brown and maintain their self-respect. They have the very best grounds for taking this action in view of the mayor's exhibition of animosity on Tuesday evening when he disgraced not only himself but the high office he holds and the city of which he is the chief executive.

He appeared in the unprecedented role of counsel for a man convicted in police court who preferred charges against the police officer that arrested him. Then before the board of his own creation he demanded the officer's discharge, and in face of the most overwhelming preponderance of evidence in favor of the officer, he charged the board with giving an unfair decision. This was not sufficient, however, for two days later he issued to the press a letter of reprimand to the board, praising himself as honest, as a man of principle, and asserting that because he made the charges, the board should have decided as he dictated.

It was another of his grand stand plays to bluff the people into the belief that he is devoted to their interests and ready to espouse the cause of the most abject. It was this kind of grand stand play that enabled him to secure election last December. His success in bluffing the people then has given him great confidence in his powers in that direction. In this case, however, he underestimated the self-respect of the commissioners, he asserted. He may bluff the voters but he can neither bluff nor bulldoze Messrs. Harris and MacBrayne.

It is understood that the mayor looked to these two commissioners as members of his own party to carry out his behests, while he did not expect any such subservience from the third commissioner, Mr. Burns. That probably explains why the latter did not also resign, for we know he will not stand any abuse from Brown. He may resist it in a different manner, however, or perhaps he may also resign as an additional rebuke to the mayor.

The mayor, having appointed Messrs. Harris and MacBrayne on the police board, seemed to believe he could rely upon them to do his dirty work, to convict the innocent and set free the guilty, and to discriminate in the enforcement of the liquor laws. They have shown their manhood in refusing to be puppets in the hands of a man so unfair, so turbulent, so deeply involved in political scheming that by his public hearings, his litigation and the general turmoil he has kept up the reputation of our city has been injured until people in other parts of the state regard Lowell as a sort of inferno, whereas it was one of the cleanest and most moral cities in the state long before Mr. Brown deluded the people into electing him mayor.

Every department Brown has meddled with has been demoralized, its business obstructed and the interests of the city sacrificed to his inexperience, his incapacity and his overweening desire to promote his political influence and his popularity with a certain class of unthinking voters.

The police board of the mayor's creation with the exception of one member is now out of office. The question of returning the old board will soon be decided by the courts and it is generally hoped that it will be restored to office for the reason that its removal was made in pursuance of certain campaign promises, rather than upon any misconduct on the part of the commissioners.

INGERSOLL DEAD A BIG SURPRISE

Was Born in Springfield—Caused by Recall of Wu Ting Fang

SPRINGFIELD, Aug. 14.—Word was received in this city this morning of the death in France of William Edward Ingersoll, a native and former well known resident of Springfield and second vice president of the New York Life Insurance company. Mr. Ingersoll was taken ill about a year ago at his summer chateau in Boulogne, France, and had suffered falling health since.

William Edward Ingersoll was born in this city Sept. 22, 1842, and was educated in the public schools of Springfield. He performed his first work in the office of his father, who was the disbursing officer in the U. S. army, and during the civil war he served on several occasions as a special ordinance messenger for the government, being in charge of the delivery of arms sent to the army in the south from the army.

In 1867 Mr. Ingersoll left Springfield for San Francisco on a tour of the world. There were no railroads across the country at that time, and the trip was made by way of the Isthmus of Panama. In 1870 he returned to New England and settled in Haddam, Conn., where he engaged for two years in the business of quarrying stone. He married in 1872 Miss Mary Gardner Hart of Springfield, and they began house-keeping in Haddam.

In 1874 he accepted a position with the New York Life Insurance company with headquarters in London, Eng. In 1880 he was appointed general manager of the company for Europe, and during the Paris exposition Mr. Ingersoll was nominated by the U. S. commissioner as a member of the U. S. jury of awards.

He was also honored by the king of Sweden with the Danish order of Dannebrog for assistance rendered in handling the exhibit of the companies of Denmark, while in 1892 he acquired by inheritance the honor of membership in the military order of the Royal Legion of the United States. In 1903 he was made second vice president of the New York Life Insurance company.

Mr. Ingersoll is survived by a wife, one brother, James C. Ingersoll, of 79 Bowdoin street, this city, and two sisters, Mrs. Caroline L. Ely and Mrs. Isabella I. Whittier of Washington, D. C.

A WATERSPOUT

WRECKED PORTION OF SHORE FRONT AT GREENPORT, N. Y.

GREENPORT, N. Y., Aug. 14.—The village of Southold was visited at noon yesterday by a hurricane and waterspout, which wrecked a portion of the shore front and cast the town in darkness.

A Peconic mass of water 500 feet high shot into the air and sped toward the Southold shore. It struck the Pleasure beach first and demolished nearly every building on it.

The hurricane blew down oak trees four feet in circumference as though they were saplings. Barrels were taken from fields and discharged into the air. The house of R. V. Fitz, former highway commissioner, was unroofed.

Excitement prevailed on every side and the fire department of Southold was called upon to quiet the populace. Men were thrown to the ground by the wind but no life is reported lost. An unknown steamer was sunk in the harbor.

French Method of Developing the Bust

Mme. DuBarrie Explains How the Bust May Be Developed 2 to 8 Inches in 30 Days

"I am explaining for the first time to the ladies of America," says Madame DuBarrie, "the French method of developing the bust. It is much more effective, the results appear much more quickly, the breasts become more firm, plump and symmetrical, the method is more simple, the effect is more lasting, and altogether it is a far more reliable and successful procedure than any other."

"You know the French people have the development of the bust and form down to a fine point."

"By this French method, the breasts may be developed from 2 to 8 inches in 30 days. This applies to women of almost any age, from young girls to elderly matrons, whether the bust is absolutely undeveloped at all, or has grown weak and drooping, and hangs, no matter how small, in a loose, sagging manner."

"It is beauty in form that attracts more than the features. You will always find it so with both sexes, and you will wish to test any woman who has improved with this simple French method. If she will enclose a two-cent stamp to pay for the first lesson, I will send an illustrated booklet to a plain sealed wrapper that will explain it all."

"We suggest to our lady readers that they write Madame DuBarrie, proprietor of this remarkable French method, enclosed two-cent stamps for the illustrated booklet, and address: HENRY G. MORRIS, Jeweler, 312 Washington St., Boston."

GOOD ENOUGH FOR ANYBODY

W. A. Lew has been 25 years in the shoe, clothing, pressing and dyeing at a kind of ladies' and men's clothing. All orders promptly attended to at

DERBY & MORSE

Wu's second recall from the United States, the first occurring when he expressed sympathy for this country in the Boxer outbreak. Chang Yin-Tung, his successor, is now deputy vice president of foreign affairs. He formerly was stationed at Madrid.

THE BUICK CARS

To Take Part in the Auto Race

According to telegrams received this morning by President John O. Holmes of the Lowell Automobile club, there will be ten Buick cars and five Knox cars entered in the races during the National Automobile carnival to be held in Lowell.

The slight hitch about allowing the Buick cars to enter in the big race to be held on Wednesday of the carnival week was gone into at considerable length by the executive board of the three A's at the meeting held in New York during the present week, and it is understood that all restrictions other than that pertaining to the weight of the cars were withdrawn. According to the feeling of the A. A. A. at the present time, if the Buicks can come up to the minimum weight the cars will be allowed to enter.

Pickers Wires Heize

That the Buick people will weigh their cars up to at least the minimum weight and be ready to enter the races seems to be an assured fact. For this morning W. H. Pickers, manager of the Buick racing team, said that he would enter six cars, two in each class, in the light car races to be held on Monday, and that these cars would in all probability be driven by Strang, Pickers, Burgess, Floyd, Hixley and DeWitt, and that three cars would be entered in the big race on Wednesday.

The telegram also stated that the Buick company is building a special eight-cylinder, high power racing machine, which would be fitted out in the speed trials on Tuesday, and that the new machine would be piloted by Strang.

The entry of the special racing machine will add greatly to the rivalry among the drivers of the special racing machines, and there will be made and there is a possibility also that several records will be shattered.

The Knox Cars

The management of the Knox racing team in filling out the five cars specifies that two of the cars are to appear in the light car races, while three will be in the big race.

WITH HORSEWHIP

Husband Avenges an Alleged Insult

BRATTLEBORO, Vt., Aug. 14.—A public whipping took place Thursday noon in Williamsburg, a small town about 10 miles from here, when William Shippee took a whipping for an alleged insult to Frank Allen for an alleged insult to Shippee's wife.

Both men are employed in the mill of A. M. Merrill, in Williamsburg.

SUMMER DISEASES

Keep Neuralgic Anodyne on Hand for Diseases Prevalent in Summer

Nothing in all the world so promptly efficient for cramps in the stomach, summer complaint, stomach ache, or diarrhoea as Neuralgic Anodyne.

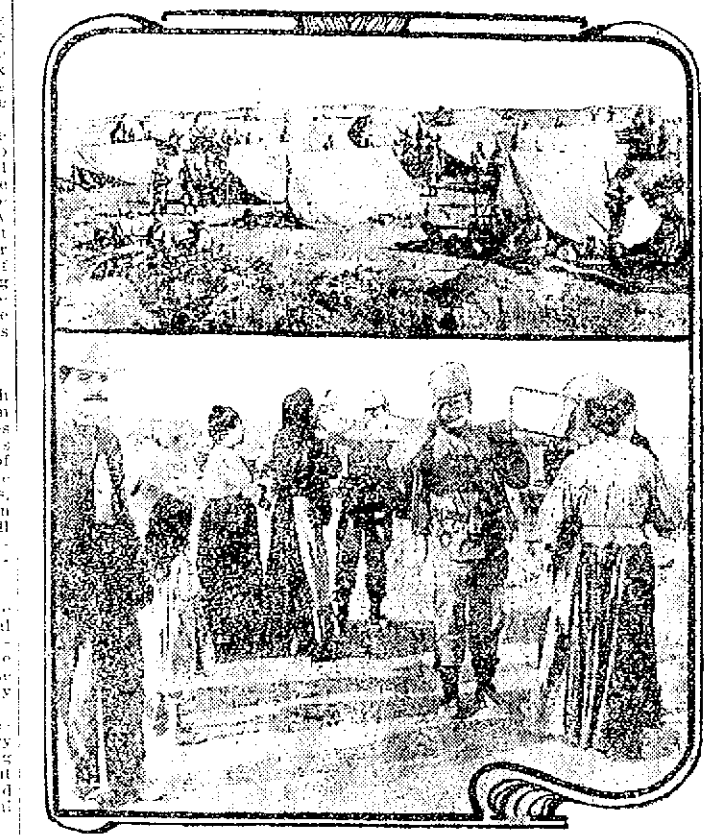

A few drops taken internally, and dysentery, colic and a sick stomach will vanish.

And please don't forget that Neuralgic Anodyne is not an experiment, but an old, tried and true remedy, and sold for only 25 cents a bottle at all stores. So be sure and order a bottle today, and keep it on hand, for distressing stomach troubles are apt to come unannounced.

Of course you know that Neuralgic Anodyne is a liniment unexcelled for neuralgia, headache, rheumatism, bruises, sprains and burns. If you don't, your neighbor can tell you all about it.

FIRST PHOTOS OF FIGHTING BETWEEN SPANIARDS AND MOORS

NEW YORK, Aug. 14.—There are ailing water to a wounded man and some of the first pictures to reach America of the fighting between the Spaniards and the Moors. These women exposed themselves to the fire of the Moorish troops in caring for the wounded, and not in the Spanish camps after the first few of them were hit by stray bullets.

More than a dozen of the Moors are now being held here and held until Mrs. Wagoner's arrival. Wagoner was allowed to go on after the child had been given into the hands of the Spaniards.

MRS. JAMES WOTTON

Lowell Woman Recovers Her Boy at St. Albans, Vt.

ST. ALBANS, Vt., Aug. 14. Mrs. James Wotton, who arrived in Lowell from St. Albans, Vt., yesterday, has recovered her boy, who was taken from her in the city and held until Mrs. Wagoner's arrival.

The woman was not in the city when the child was given into the hands of the Spaniards.

Shippee, it is said, started the argument by accusing Allen of having struck Mrs. Shippee Sunday night and gave him an opportunity of presenting a whip in order that they might try conclusions with the same weapons.

LATEST ASSAULT IS CHARGED

Cases Closely Related to Each Other Were Continued

Two rather mixed up assault and battery cases, one being closely related to the other, were called for trial before Judge Dickman in the police court this morning. One of the cases was heard, the defendant found guilty and fined, but the fine was later withdrawn and sentence suspended till next Tuesday when the other case will be heard.

The beginning of the affair dated back to January 26th when Stanislaw Trak and Simon Saffron as his assailants and they were held until today.

This morning Trak pleaded guilty to assaulting Komovsky in January and he was fined \$17, but when Judge Dickman learned that the government desired a continuance on the cases of Trak and Saffron charged with assault and battery on Dico, he withdrew the fine imposed on Trak in the first case and continued all the cases until Tuesday.

Raider and Brawler

Susanna Marron, charged with being a raider and brawler, through her counsel, Joseph Hennessey, entered a plea of not guilty and asked for continuance till Tuesday morning. The continuance was granted.

Drunken Offenders

John H. Nealon and Michael Fitzpatrick, charged with drunkenness, were each fined \$5.

Joseph McBride, charged with drunkenness, entered a plea of not guilty. Patrolmen Jose Noye and Wesley Wilson found McBride in an intoxicated condition this morning about 2:30 o'clock at the corner of Central and Children streets and sent him to the station. He afterwards changed his plea to guilty and was sentenced to the state farm.

It goes without saying that there was trouble attending the affair and as a result five of those present were arrested and yesterday morning in court were fined for being drunk. While the case was in progress John Dico, with his head bandaged up, came into court and said that he had been assaulted by some of the defendants. Dico named John Crumack, Stanislaw Trak

and Simon Saffron as his assailants and they were held until today.

This morning Trak pleaded guilty to assaulting Komovsky in January and he was fined \$17, but when Judge Dickman learned that the government desired a continuance on the cases of Trak and Saffron charged with assault and battery on Dico, he withdrew the fine imposed on Trak in the first case and continued all the cases until Tuesday.

THE GREEK FLAG

Must be Hauled Down in Crete

LONDON, Aug. 14.—A joint note signed by the four protecting powers of Crete, Great Britain, Russia, Italy and France, has been presented to the Turkish government. It promises that the powers will see that the objectionable flag hoisted by the Greeks is removed permanently and it expresses the hope that in these circumstances Turkey will not think it necessary to order her fleet to proceed to Crete waters.

CRETE ASKS AID

PARIS, Aug. 14.—The joint note of the powers to Turkey is a result of a notification from the Greek government that it was unable to secure the hauling down of the Greek flag. The four protecting powers have decided each to send a second warning to Crete, the capital of the island, and proceed by force to remove the Greek flag.

CONDITIONS OF CROPS

WASHINGTON, Aug. 14.—With mid-harvest reached in Europe, the department of agriculture today issued a report showing the conditions of the crops in foreign countries. The conditions are the least promising in central Europe. Western and Southwest Europe are reaping crops much more satisfactory.

Latest reports from Russia are decidedly encouraging.

PRESIDENT TAFT

Favors the Red Cross Increase

WASHINGTON, Aug. 14.—President Taft heartily endorses the idea of increasing the membership of the National Red Cross from 20,000 to 100,000 and a letter from him concerning the plan is printed in a pamphlet just published for distribution throughout the United States.

MORE PONIES

BREWER SCHORR RE-ENTERS THE RACING GAME

MEMPHIS, Tenn., Aug. 14.—Brewer John W. Schorr is again to enter the racing game upon a large scale, giving up his interests in his Memphis brewery, according to a report published in a Memphis paper. Recently Mr. Schorr has been purchasing a number of young horses, and his colors, the famous "Orange and Black," have been seen occasionally this year on northern tracks. One of his youngsters, Penn, broke a record last week and demonstrated that he is entitled to race in the division of two year olds in the Canadian circuit.

MAN FOUND

AND SENT TO BELLEVUE FOR OBSERVATION

NEW YORK, Aug. 14.—Herbert E. Fleischman, a translator in the navy department at Washington, who disappeared from that city about a week ago, was found in this city today and sent to Bellevue hospital for observation. Fleischman is said to be the son of the state librarian of Massachusetts, a graduate of Harvard and an expert in languages. Chester Fleischman, of Boston, a brother of the man in custody, said today that his brother's condition undoubtedly was due to overwork.

THE "WAR" GAME

CAPTAIN PHILIP MCNULTY

CAPTAIN GARDNER W. PEARSON

Local Militia Companies Have

Started for the "Front"

The four local companies, C, G and K of the Sixth Regiment and M of the Ninth Regiment, left Lowell early this morning for "the front" where they will take part in the war maneuvers to be held during the coming week. The Lowell companies will form part of the First Army which will defend the coast against the attack of the Second Army, the latter being made up of regular regiments of infantry, troops of cavalry and artillery companies.

CAPTAIN JAMES M. GREIG

CAPTAIN WALTER R. JEVIES

The Westford street armory was the scene of great excitement this morning while the militia boys were making preparations for their departure. The men of the various companies began to arrive about six o'clock and by seven o'clock every member of the four companies was on hand, putting the finishing touches on his equipment.

At 7:30 o'clock the companies formed in the drill shed and under the command of Capt. Gardner W. Pearson of Company C, marched to their special train at the northern station.

There were about 200 men in line this morning. Company C, led by Capt. Greig, had between 70 and 80 men, while Company M had about 50.

These are many new recruits in the ranks this year, Company C perhaps having the fewest.

Co. C and Co. M are going into camp in need of considerable rest, having been in the line for several days.

In Co. C, First Lieut. Pearson has been detailed as mounted orderly at regimental headquarters. They are Private Quimby, Graham and H. A. Jewett. Private Butterfield has been detailed for special duty at regimental headquarters.

From Co. G, Private Thomas Moran has been detailed as mounted orderly at regimental headquarters. Second Lieut. Fred G. Mottram of the same company, C, marched to their special train at the northern station.

One of the features of this year's maneuvers is that the soldiers will not be so much of their personal belongings as they have in the past. The men of the various companies have been sent to the depots in the wagon trains and it is expected that the wagon trains will be used for transporting the greater part of the baggage for the blue army.

Company M's property went down the road to the water point where the Sixth Regiment will camp on the north side of the Blue River.

The men of the local companies M and K will take camp at New Bedford. The men of the other companies will take camp at New Bedford.

The men of the local companies M and K will take camp at New Bedford. The men of the other companies will take camp at New Bedford.

W. P. Butterfield, E. R. Cheney, E. W. Clough, M. R. Corey, C. Frank, Dupre, C. H. Burns, C. B.

Subjects of Tomorrow's Sermons Announced

The following sermon-topics appear in the church notices for tomorrow:

Advent
Advent Christian: Preaching by the pastor morning at 10:30 and evening at 7:30.

mill will come from various parts of the country where there is slavery, and no chance for the men to fight. When they are questioned, they must say that Promoters Coffroth and McGee, of Columbia and Los Angeles will be heard from, also Hugh D. McIntosh, of Australia, who will arrive here today from Europe, and from several mining, stock and ranches in Nevada, which will be the only ones worth considering. It is generally believed in California that Coffroth already has a secret agreement with Johnson to fight at Coma and that the negro will promptly accept his offer as soon as it is made public. As Jeffries is believed to favor Vernon, just outside the city limits of Los Angeles, where McGee can pull off a forty-five pound bout, it is hardly possible that a secret deal will be struck over the location of a battleground. In a word the proposed fight has not been arranged yet by a

long shot and it is believed that such diplomacy will be required to get the big fellows into the ring.

Has Ketchel decided to run out of his ten pound bout with Sam Langford at the Fairmont A. C., New York, on September 27? The club officials are wondering not a little because they have heard that the Scotch-Scandinavian pugilist from either Ketchel or Brito, "Bear California" comes a club that Promoter Coffroth is trying to induce Ketchel to remain there for a forty-two round bout with Brito. The Scotch-Scandinavian has offered special inducements to the midwestern champion to "Bicker" Langford. If Ketchel goes back on his agreement to box before the Fairmont club it is believed that he will lose many friends in the local pugilistic ranks. The better man in some quarters is that he does not care particularly for Langford's game.

GRAND DISPLAY

MARKED CLOSE OF THE G. A. R. ENCAMPMENT

SALT LAKE CITY, Utah, Aug. 14.—The forty-third national encampment of the Grand Army of the Republic ended last night with a fire works display on English Park, a mountain rising at the edge of the city.

By a vote of 287 to 256 Atlantic City

was chosen over the other candidates for the next campaigning after a spirited fight. Atlantic City was placed in nomination by Adjutant-General Burrows of New Jersey and St. Louis was named by former Commander-in-Chief Charles Harbo of Missouri. First one city was in the lead and then the other. With New York to be heard from, Atlantic City was out. New York voted 51 for Atlantic City and one for St. Louis. This gave the southeast city a little advantage. After the details of the convention were completed, Commander-in-Chief Van Cautane and his followers, elective and appointive, were installed.

The Woman's Relief Corps elected Mrs. Fannie W. D. Harbo of Denver, senior vice-president and Mrs. Jennie L. Jones of Salt Lake City junior vice-president.

Evangelical
Evangelical of Tynahoe; Rev. S. Ralph A. Dixon will preach.

Other Churches

FIRE ENGINEERS
WERE VINDICATED BY

RESIGNS POSITION
BOSTON, Aug. 14.—Matthew C. Brusca, for several years general manager and vice president of the Boston Suburban Electric Co., has resigned his position to take up similar duties with the Buffalo, Lake Erie Traction Co., Jamestown, Chautauqua and Lake Erie railroad, and the Chautauqua Steamship Co. He will begin his new duties about October 1.

HEAD OF ESPERANTISTS
CHAUTAUQUA, N. Y., Aug. 14.—The Esperantists of the North American association, in session here yesterday, elected as president Dr. D. O. S. Lowell, head master of the Roxbury Latin

MAYOR AND ALDERMEN
MANCHESTER, N. H., Aug. 14.—Hearing which has been in progress two days, to give opportunity to Charles W. Lane and his associate engineers of the fire department to state why they should not be dismissed from office, was brought to a conclusion yesterday. It was voted the mayor and aldermen to place charges against the fire engineers the table, and to adjourn. This is regarded as a vindication of the fire engineers.

If you want help at home or in your business, try The Sun "Wink" column.

20¹/₂ Hours to Chicago
via 20th Century Limited

Effective August 15th, the world-famous Twentieth Century Limited, hitherto operated only between New York and Chicago, will also run between Boston and Chicago, reducing the time to Twenty and One-half Hours and effecting a saving of practically a day to Boston's and New England's business men.

From Boston	From Chicago
Leave Boston daily 1:00 p.m.	Leave Chicago daily 8:30 p.m.
Leave Worcester 2:00 p.m.	Arrive Albany - 6:27 a.m.

"America's Greatest Railway System"

MAYOR OF BROCKTON

Says There Were no Grounds for Charge of Graft

BROCKTON, Aug. 11.—Members of the city council on the day of the election, when the city was held by the party of the day, were in the city at the time of the election. The city was held by the party of the day, and the city was held by the party of the day.

Mayor John S. Ryan, summoned the committee to city hall at 2 o'clock yesterday afternoon. City Solicitor William C. Rowe acted as adviser. Also present were every member of the committee, Aldermen Harry C. Howard and Herbert A. Shaw and Councilmen William A. Lord, Charles H. Holt and John W. Sawyer. The mayor presided.

George A. Carter was first called. His testimony in part followed: "I was in my office. Mr. Brigham came in some time in May. He said that the city was going to purchase the site for a fire station. One of the committee had been selected to go and look at the site."

"You have got a chance to protect yourself," he said. "A fire station will not hurt your property. You have a chance to block the game and make money. He explained that he had an option on 99 feet of the lot for \$2500, and this was the only way to get the lot. To enter the lot and set it to be a fire station, I told Brigham that I would not enter into a holdup and could not enter into a holdup of the city. I thought it an outrage. I could not sell any lot for a fire station and set it to be a fire station."

"Did you understand Brigham's offer as to protect yourself or otherwise?" asked the mayor.

"I could either block the plan to build a fire station or sell the city at a profit," Mr. Carter replied.

"You understood one of two things—either he wanted you to protect your-

self or enter into a plot to defraud the city."

"I won't say whether he proposed a money proposition, first or not. I thought it a money affair," answered Carter. "Brigham said that there would be a great profit for all concerned. Brigham and I would be in it."

"Did he say anything about a member of the city council the committee being in it," asked the mayor.

"He said that a committee man could dictate or block the sale, and it brought the city would buy," was the answer.

"Was anything said to lead you to think that there was a profit for a member of the city government?"

"I think there was a profit there. There were no names mentioned except that a member of the committee had money to handle. My opinion was that a committee man was in the deal. I understood I was to be put in to make money for all of us."

Other witnesses were then heard and George A. Carter, agent for Healey in the negotiations, gave a long statement of all the negotiations.

After a further consideration of testimony the mayor made the following finding:

"After a hearing on the evidence of the charges by George A. Carter, I find that the charges have not been sustained."

"From Mr. Carter's own testimony nothing appeared to show that any profit would accrue to any member of the city government and he denied any intention that his charges should be so construed."

Mr. Carter denies having made certain statements to the newspapers which reflected upon the honesty of certain members of the committee on fire department.

"John S. Ryan, Mayor."

BOOKER AND JACK

America's Two Foremost Colored Men on Same Platform

CHICAGO, Aug. 14.—Booker T. Washington and Jack Johnson, the industrial and physical giants of the negro race, met face to face at Quinn's last night while more than two hundred colored men cheered until their voices were hoarse. The speaker stood waiting to begin his address when the pugilist was directed to the rear of the church. "Booker T. Washington," cried from all parts of the room until a delegation was sent to escort him to a front seat. He marched down the aisle amid a storm of applause, bowed to the audience from the front of the platform, and then turned to face the audience. When a subscription list was started, the audience raised a shout of \$500, the chapel the teacher from Atlanta gave \$15 and the champion heavyweight gave \$10. The other \$15 subscription was sent by Senator Lottimer.

\$100,000 FOR BLIND

Large Sum of Money for the Perkins Institution

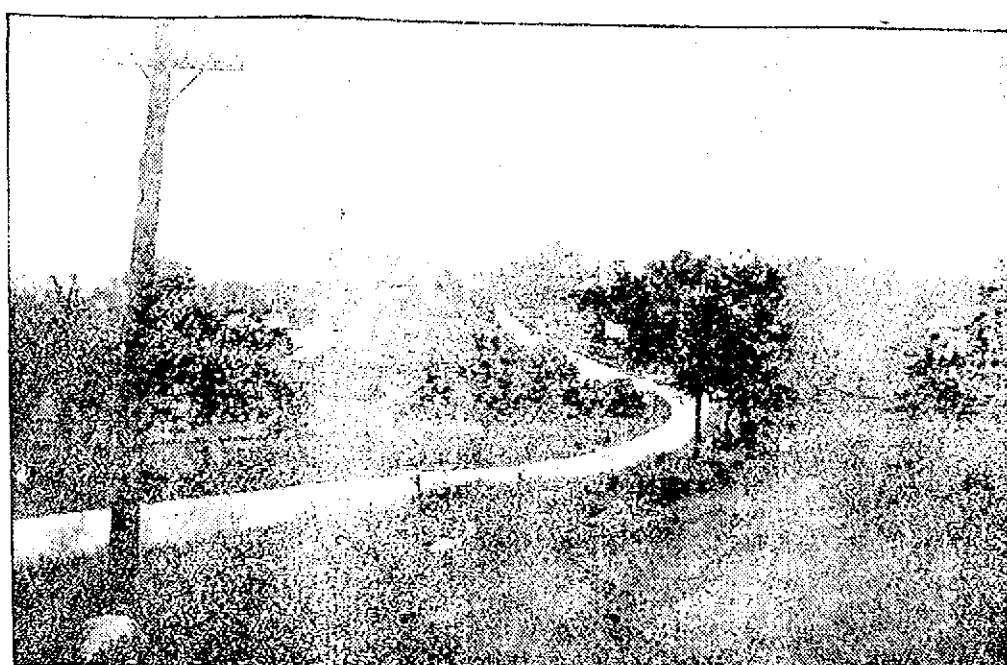

PROVIDENCE, Aug. 14.—John E. Brown, who in the earlier part of his life resided in Chicago, where he accumulated a lot of money from insurance of a large inheritance, and later was a resident of Boston, has bequeathed a substantial sum to the Perkins Institution for the Blind and deaf. The bequest is for the purpose of providing for the education of the blind and deaf. The bequest is for the purpose of providing for the education of the blind and deaf. The bequest is for the purpose of providing for the education of the blind and deaf.

BOND FORFEITED

IN CASE OF REV. DARIUS WILSON MASONIC "ORGANIZER"

ST. LOUIS, Aug. 14.—A. S. Brown, who is said to be the head of the Masonic "organizer" in St. Louis, has been arrested by the police. The police have found evidence that Brown is involved in a large conspiracy to defraud the public. Brown is said to be a member of the "Masonic" organization, which is alleged to be a front for a large-scale fraud.

Part of the young man right. And now, if you are looking for a good time, you should go to the "Masonic" organization. They are having a party at the "Masonic" organization. They are having a party at the "Masonic" organization. They are having a party at the "Masonic" organization.

DIRT AT WILLIAMS FARM ON MERRIMACK VALLEY RACE COURSE

DARING DRIVERS

Walter Christie and Barney Oldfield Coming Here

Will Try to Lower the World's Records in Speed Trials Over the Merrimack Valley Course Carnival Week

While interest in the automobile carnival seems to center on the light car races on Labor Day and the international stock chassis race on Wednesday, the speed trials on the Merrimack Valley Course, Tuesday, will be the most interesting. On that day Walter Christie and Barney Oldfield will be in his high power front drive machine together with Barney Oldfield in the big Benz racer and several other notable as well as daring drivers will be seen in the trials during the week. The distance of the trials varying from one to five miles.

The one and two mile speed trials will take place on the speedway of the boulevard, while those of the longer distances the start will be made at the upper end of the boulevard, near the intersection of the boulevard and the highway, and the finish will be at the tape in front of the grand stand.

Christie's New Car

As an ardent and consistent advocate of front driving, from the construction of his first car up to the present, Walter Christie is well known. His long and costly apprenticeship has culminated in the present example of a chassis, designed to race either four cylinders or five cylinders, with a 100-horse power engine, and a 100-horse power engine, and a 100-horse power engine.

Christie has built in all seven different cars, all front wheel drive. His first car was built in January, 1904, and had a record of a mile in 57 seconds straightaway. Front driving also characterized the second car, the following year. At the Grand Beach meet that year he negotiated the mile in 46 seconds.

This car made a record mile in 35 seconds at Atlantic City, April, 1906. His third and fourth cars were also speedy and the fifth car, which he designed and made, set a new record for a mile in 32 seconds, in 1908.

The seventh car and the one which he is using at the present time, and which will be the one driven in the Lowell meet, was placed on the road a little over a month ago. This car is fitted with three 100-horse power engines, and a 100-horse power engine, and a 100-horse power engine.

The motor and chassis are of unusual size and the car is a very fast car.

THE HEALTH OF YOUR HORSE

The proper maintenance of a horse's health is of the greatest importance. The horse is a valuable asset to the owner, and it is the owner's duty to keep the horse in good health. The horse is a valuable asset to the owner, and it is the owner's duty to keep the horse in good health.

BURGLAR CAUGHT

He Was Held Up by a Young Boy

PITTSBURGH, Aug. 14.—About a year ago, William S. Carter, of the family of William S. Carter, was a young boy, who was the first to be held up by a young boy.

AT MARBLEHEAD

Racing Yachts Gather for Coming Events

MARBLEHEAD, Aug. 14.—Feeling that the boats in the M. N. and P. classes have had very little opportunity for racing in New England waters, and that comparatively little data has been obtained from their performances elsewhere, a movement has been started here for a series of races for these yachts for the week of August 23.

Grand Stands

Contractors Simpson are making rapid progress with the grand stands and five or six sections have already been completed. In the course of a few days the plumb line will be high work on the stands, after which the tower and telegraph masts will be erected, and the electrical workers will tackle their work.

GEMS RECOVERED

Were Stolen From a Worcester Woman

WORCESTER, Aug. 14.—Lieut. Geo. H. Hill of the Worcester police department returned to this city yesterday from Jeffrey, N. H., where he recovered \$1500 worth of diamonds stolen on Wednesday night from Mrs. Caroline S. Liscomb of this city while she was returning home from a vacation.

Mrs. Liscomb had been visiting at the summer home of Horace Wyman of Worcester, at the foot of Mt. Wachusett, and was on her way to Worcester with Miss Gertrude R. Wood of 21 Harvard street when she stopped at a hotel in Jeffrey for dinner.

The Worcester woman went to a room on the second floor to prepare for dinner, and Mrs. Liscomb left her jewelry, one of which is a family heirloom and another her wedding ring, on a marble slab. She was descending the stairs when she missed her ring, and returned at once to the room, but found it missing.

She reported the loss to the proprietor, who declined to press a charge in her story, and she then telephoned Mr. Wyman of her loss.

Mr. Wyman in turn phoned to Edward F. Sumner in this city, brother of Mrs. Liscomb, with a request that he notify the chief of police, David A. MacShew, Lieut. Hill, who was detailed on the case, reached Jeffrey yesterday afternoon. In questioning the chambermaid, he says he got a confession from one, who says her name is on the list and took them on the train to Jeffrey.

She returned the ring, and Mrs. Liscomb was so pleased to recover them that she did not care to prosecute the thief.

BACHELOR GIRLS

ENTERTAINED FRIENDS AT FLEUR DE LIS CAMP

The Fleur de Lis camp, located on Long Point was the scene last evening of a very successful social gathering. The camp is a beautiful spot, and the girls who are members of the camp are very popular.

PRESIDENT TAFT MANY ATHLETES IRA H. MORSE TWO ARE DYING

Approves Appointment of 330 Census Supervisors

BEVERLY, Aug. 13.—At an extended session last night the Secretary of the department of commerce, under the leadership of Mr. Hitchcock and Mr. Tolson, approved the appointment of 330 supervisors of the 1910 census. The list had been prepared in Washington for the president and the qualifications of every man named were approved. There were some unusual districts in Kentucky, however, where the two cabinet officers and the director of the census arrived in Louisville yesterday afternoon and these were put up to the president for settlement.

There has been some discontent among some southern Republicans over the decision of the president to divide the census districts in the states of the south.

Col. Cecil Lyon, republican national committeeman for the way from Texas to the president, that he would rather have the states put in charge of one supervisor in a good republican, than to have to divide the congressional districts with the democrats.

When it is considered that each census supervisor will have a tremendous field force of enumerators under him, the extent of the census patronage may be readily realized. Each of the supervisors will receive a salary of \$2000 and their work will extend over

Are YOUR children Pale? Are they thin, sleepless, and lack the healthy appetite a child should have? Nothing like

TRUE'S ELIXIR
for symptoms like these. It will do the work ninety-nine times out of a hundred. Buy a fifty-cent bottle to-day. It has such a pleasant taste the child will like it. If it doesn't improve the child to your satisfaction, the druggist will refund the money.

Took Part in the A. A. U. Games

SEATTLE, Wash., Aug. 14.—Before an enthusiastic crowd the first day's events in the annual championship meet of the A. A. U. was held in the Alaska-Yukon-Pacific stadium yesterday afternoon. Yesterday's program was given over entirely to the games of the Seattle Athletic club carrying on the honors with ease.

A new American record was established in the Javelin throw, B. Gish of Seattle club hurling the spear 144 feet. The previous American record was made by Frank Adams at Philadelphia on June 6, 1908, when he threw the javelin 131 feet, six inches.

An A. A. U. record was made in the mile run, when J. Ballard, of the Boston Athletic association made the four laps in 4:24 2-5. Summaries:—

Pole vault, Holman, won; Height 11 feet; Pounding, third. Height 11 feet.

100 yards dash final, E. Nelson, Seattle A. C. won; J. Courtney, Seattle A. C. second; W. F. Dawbarn, N. Y. A. C. third. Time—10 1-5.

800 yards run, C. C. Conell, Seattle A. C. won; W. Miller, Multnomah A. C. second; Time—2:30 2-5.

15 pound shot put, R. J. Lawrence, N. Y. A. C. won; Wm. H. McKinney, Multnomah A. C. second. Distance—47 feet, 6 inches.

120 yards high hurdles, W. Donald, Seattle A. C. won; W. Edwards, Seattle A. C. second; H. Hawkins, Multnomah A. C. third. Time—1:59 3-5.

Mile run, J. Ballard, Boston A. A. C. won; D. V. Noble, New York A. C. second; H. Hiden, Seattle A. C. third. Time—4:24 2-5. (A new junior record.)

440 yards run, J. J. McNamee, N. Y. A. C. won; W. Stoll, Seattle A. C. second; C. Warren, Seattle A. C. third. Time—1:10.

12 pound hammer throw, M. McKinney, Multnomah A. C. won; G. H. Hugh, Seattle A. C. second; C. Anderson, Seattle A. C. third. Distance—129 1-2 feet.

Running high jump, Egan Arckson, Mott Haven A. C. won; John Nicholson, Missouri A. C. second; A. J. Chapman, Multnomah A. C. third. Height, 5 feet, 11 inches.

220 yards run, F. B. M. Mott, Seattle A. C. won; C. Farley, Missouri A. C. second; McConnell, Vancouver A. C. A. C. third. Time—2:25.

220 yards hurdle, J. Macdonald, Seattle A. C. won; W. Edwards, Seattle A. C. second; W. Gish, Seattle A. C. third. Time—2:25.

Discus throw, B. Antz, Seattle A. C. won; J. Hug, Seattle A. C. second. No other entries. Distance—122 feet, 3 inches.

Throwing 56 pound weight, J. Hug, Seattle A. C. won; Distance—29 feet, 6 inches.

Junior entries disqualified for having previously won first place in junior events.

Running broad jump, M. McConnell, Vancouver A. C. won; G. Brokaw, Seattle A. C. second; B. Gish, Seattle A. C. third. Distance 21 feet 3-4 inches.

Running hop, step and jump, John Nicholson, Missouri A. C. won; B. Gish, Seattle A. C. second; J. Huber, Seattle A. C. third. Distance—40 feet 11 2-4 inches.

Throwing the javelin, B. Gish, Seattle A. C. won; B. Robertson, unattached, second; B. W. King, N. Y. A. C. third. Distance—144 feet. (New American record.)

Five mile run, Asa Smith, unattached, won; C. Hubert, Swedish-American A. C.'s second. Time—35 minutes 22 2-5 seconds.

Only two entries.

SARGENT IS HELD

CHARGED WITH KIDNAPING His Son

LACONIA, N. H., August 14.—An exciting chase for an alleged kidnaper, which led through three towns, ended last night in the arrest at Tilton of Fred Sargent, formerly of this town, who is accused of having spirited away his young son from the custody of his former wife. The child, Clarence, aged three and a half years, was returned to the home of his mother in Laconia, and Sargent was brought here, and locked up pending proceedings which County Attorney Frank P. Tilton will institute in court today. Mrs. Sargent obtained a divorce from her husband on statutory grounds about a year ago and the custody of the child was given her by the court at that time.

Sargent is thirty years old and has recently been living in Norfolk, Va. He was married here five years ago to Rose E. Gordon, and two children were born, Clarence and a younger one named Lester. A year and a half ago Sargent disappeared, taking the older boy with him, and at the same time Mrs. Eva Gordon, Mrs. Sargent's mother, departed mysteriously.

After Mrs. Sargent obtained her divorce, she learned some time last January that her husband and mother were living in Norfolk, Va., and going to that city, she secured their arrest. Sargent was in jail about a month, according to his wife. The mother who was out on bail, disappeared and her whereabouts have since been unknown to her husband and her daughter. After securing the child, Mrs. Sargent returned to Laconia and has since been living with her father.

It was with the two children were playing on the lawn, and the other members of the family were at dinner yesterday that the older boy suddenly vanished. Mr. Gordon immediately notified the local officers who traced Sargent to Tilton. The son, placed in custody by Deputy Sheriff August T. Plummer, last evening Chief of Police Bartlett went to Tilton and brought Sargent and the child back here, restoring the boy to his mother and locking up Sargent.

STUNG ON WRIST

Prompt Action Saved Life of Smith

MEREDITH, N. H., Aug. 14.—Dr. F. P. Smith, first selectman of Center Harbor, met with an unusual experience yesterday. While working in the field on his place, Sunnyside farm, he was stung by a bee on his wrist. He soon became faint and dizzy and was obliged to lie down.

Francis H. Cram came Mr. Smith a stimulant. He was taken to the house and Dr. Cheney of Ashland was summoned. Mr. Smith was unconscious for a time, but while waiting for the doctor Mrs. Smith used hot applications to start the circulation. He was soon on the way to recovery and is fairly comfortable. The doctor said that the stimulant started the heart action, which had been almost stopped, and saved his life.

Mr. Smith is a very prominent man in Center Harbor and his friends were much alarmed about him yesterday. He had been selectman of the town for 16 years. He is also prominent in the granite having served in almost every office in Washington, and is also past master of the Belknap chapter, No. 1, of the Belknap chapter of the Granite Masons. He has for several years been an officer of the state grand, Mr. Smith has long served as a general deputy of the state.

MGR. ANDERSON

Will Administer Confirmation in This City

Rev. Joseph S. Anderson of Boston will make his first Episcopal visit to Lowell on September 11, when he will administer confirmation at St. Patrick's church at 9 o'clock in the morning and at St. Joseph's at 3 o'clock in the afternoon. On September 18, Bishop Anderson will administer confirmation at St. Peter's, this city.

LIEUT. O'CONNELL

HAS RESIGNED FROM THE FIRE DEPARTMENT

Lieut. Edward J. O'Connell of Box Co. No. 1 of the local fire department has tendered his resignation as a member of the fire department to the board of engineers. The resignation is to take effect on August 22.

Mr. O'Connell gives up his position in the fire department to become superintendent of the Holy Cross cemetery in Malden.

IRA H. MORSE

Was Well Entertained at the Seattle Exposition

Ira H. Morse, the well known local shoe dealer, who, accompanied by his wife and Oscar Deschamps, the latter acting as mechanician, left Lowell on May 10th for a trip across the continent. In his 45 hours' journey, Morse, Hartford ran, made a very interesting tour from Seattle, Washington, to the Automobile Editor of The Sun, accompanied by the latter in an interesting description of his wanderings up north.

When Mr. Morse left Lowell he carried with him credentials reading him the Sun's representative at the Alaska-Yukon-Pacific exposition in Seattle, and according to Mr. Morse's letter he and his party were afforded every courtesy by the management.

Mr. Morse's letter, which arrived at this office yesterday, is as follows:

Seattle, Wash., Aug. 8, 1909.

Lowell, Mass.

Dear Sir:

I want to thank you for the expedition card which you handed me the morning I left as it took me all through the fair, and the officials gave myself and friends all the attention and passage we could wish for, which made it all the more pleasant. The exposition is fine. Mrs. Morse and myself saw the Chicago and Paris expositions and we both think this grander, but not as large as those.

The electric illumination and fireworks at night are the best I ever saw, something unique and entirely different from anything seen in the east.

We arrived here from San Francisco and Los Angeles on the 3d. The 120 mile ride along the coast, was a winding road, and high cliffs with narrow winding tracks and awful steep mountains, but the little car ran well and only once did we have to take off the road to get up the mountain and that was on account of a bad, stony place near the top of a steep hill 12 miles long and then we went down only one steep mile when we had to climb another steep one a mile long, and then down a steep, crooked one 11 miles long, which turned my head on before I was half way down and I had to stop and put on new shoes before I could get down. But the roads were good, which was a great relief from the bus through the desert. We have here some more and shall try and get home for the race.

The weather is fine here, almost cold enough for an October all the time. The days are almost as cold as the nights. We so back through Montana, Idaho, Yellowstone National park, then down and follow the same route we came out.

Yours respectfully,

I. H. Morse.

Interesting Account of Trip

The following interesting account of the trip is given in the pages of the Seattle Daily Times of Wednesday, Aug. 4.

"I. H. Morse, driving a 15 horse power Tappan-Hartford car, containing besides himself, his wife and Oscar Deschamps, his mechanician, at 2 o'clock yesterday afternoon entered the gates of the Olympic Motor Car Co. 1917 Fifth avenue, to start the Olympic tour of the west, and follow the same route we came out.

Morse was wearing a string of shoes in all Montana, and New Hampshire, started with his party from Lowell, Mass., on Sunday, May 10, and did not stop in a southern city until they reached Los Angeles, and after a rest of two weeks in the south, they started on their trip to the north along the coast, making

A RENEWAL

OF MODUS VIVENDI ON FISHERY QUESTION

ST. JOHN'S, N. F., Aug. 11.—The colonial cabinet has agreed to a renewal of the modus vivendi between Great Britain and the United States regarding the herring fishery. The agreement will become operative October 1 and will insure harmony at the Bay of Islands between the American fishermen and the government. The agreement is a renewal of the one which was made in 1894 and was renewed in 1904.

G.B. COBURN CO.

63 MARKET ST.

As Result of Battle of the East Side Gangs

NEW YORK, August 14.—One man and one woman dying and two less seriously wounded are all the evidence the police had last night of another battle of the East Side gangs. Mrs. Anna Pantel, 20 years old, who was shot through the thigh last night was shot in the right foot two weeks ago in a similar fight in the same neighborhood. On both occasions she was a passerby. Her heart is weak and the shock of her second wound was so serious that it was said at the hospital she could not live.

Robert Gussman was shot from the back through the liver. His condition is serious. Whether he was a bystander or a participant in the fight has not been ascertained.

Some of the wounded, needless to say, were put up to the police for any idea of who did the shooting.

BOARD OF HEALTH

Met and Transacted Minor Business

The board of health met yesterday afternoon and attended to matters of minor nature. It was a regular meeting and matters of importance were conspicuous by their absence.

Edward J. McCaffrey of Pawtucket, R. I., asked for a license to deal in bones. The board voted to postpone action pending an inquiry into the petitioner's financial standing.

Complaints relative to alleged unsanitary conditions in Charles Potter's stable in Myrtle street were discussed, and Mr. Potter was given a week in which to make certain changes.

H. J. McCarthy petitioned for a stable license at 841 Broadway and it was ordered that Louis Gosses was granted leave to withdraw on his petition to maintain a stable at 72 Jefferson street. He was also instructed to make certain changes in a bakery that he has in that locality.

Swill licenses were granted to Manuel Nohlo, E. C. Fox and George Burton. A petition to maintain a stable at 29 Newhall street and another for a permit to keep pigs at 1239 Lawrence street were turned down.

EXTRA
33RD. REGIMENTAnnual Reunion Held at Home
of D. L. Page This Afternoon

The home of D. L. Page in Rogers street was the scene this afternoon of the forty-third annual reunion of the thirty-third regiment, Mass. Volunteer Infantry association. Mr. Page is the outgoing president of the association and besides the 55 veterans of the Civil war there were present a large number of relatives and friends. The occasion was a very pleasant one.

The day was delightful and an open air lunch was served on the spacious grounds surrounding the Page home. Following this the company assembled for the annual business meeting and election of officers.

The meeting was called to order by President Page who read minutes of last meeting. The officers were then elected as follows: President, Henry A. Dickson; vice-president, George W. Robinson; secretary, William J. Jubb; treasurer, A. S. Kiser.

The secretary, Mr. William Jubb, made some interesting remarks, saying that some people discredit the story of Hooker's battle above the clouds, but that the veterans present were all living witnesses of the fact. To this General Jubb added some anecdotes of war times.

Letters of regret were received from some of the regiment who were unable to attend.

The vice president and president

A CLOSE GAME

Big Crowd Saw Lawrence and Lowell Play This Afternoon

The two tallenders, Lowell and Lawrence, met this afternoon at Spalding park, about 2000 fans being attracted to the scene. Today's game also marked the return of Harold Danzig who has been out of the game with a bad hand. He occupied his old position on first base, while Ambrose Kane who has been covering the initial bag was sent to short stop and Plaharty who has been covering that position was out in right field.

It was expected that Leonard would be on the slab for the home team, but Manager Gray put Duval in instead. Joe Boyle, the Lowell catcher, who has been sick and, occupied a seat in the grandstand.

The fans also expected that Thomas, the big league pitcher, purchased by Lawrence, would be in the box for the downriver team, but Miller did the pitching.

Andrew Gray, the ticket manipulator, who has been ill, was back at his place in the ticket office.

Umpire Buckley was the decision maker and called the game at 2:30 o'clock the batting order of the teams being as follows:

Lowell	Lawrence
Venable, 3b	Reynolds
Fitzpatrick, 2b	ss Adler
Plaharty, 1b	cf O'Brien
Danzig, 1b	1b Massey
Howard, cf	cf Patterson
Kane, ss	cf Foster
Vinson, 3b	2b Jolly
Huston, 3b	3b Belts
Duval, p	p Miller

First Inning
The visitors started hanging the ball right off the bat. Reynolds was the first man up and he swatted the first hit pitched over the fence for a home run. Adler and O'Brien went out on high foul flies to Duval. Massey hit to Duval and was out at first.

The home team got its first score in the latter half of the inning. Venable hit to Miller and was out at first. Plaharty pitched to first after being hit by a pitched ball and he stole second after Plaharty struck out. Danzig hit to deep centre field for a three bagger, scoring Duval and was out at first.

Second Inning
The visitors failed to score. In the second inning, Patterson, the first man up, got a two bagger to left field. Foster bunted a fly to Venable who threw out. Jolly hit to Venable who threw out. Jolly hit to Venable who threw out. Jolly hit to Venable who threw out.

In the latter half of the inning Kane struck out and Vinson flied to Patterson. Huston singled over second base but Duval went out on a fly to Belts.

Score—Lowell 1, Lawrence 1.

Third Inning
In the third inning Miller hit to Fitzpatrick and was out at first. Reynolds, the home run hitter, after making a dozen runs sent a grounder to Kane and was out at first. Adler singled to right field but O'Brien hit to Danzig and was out at first. Duval covering the base.

In Lowell's half Venable flied to O'Brien and Plaharty flied to Adler, the latter making a pretty routine catch. Plaharty singled but a few minutes after reaching first Foster caught him off the base.

Score—Lowell 1, Lawrence 1.

Fourth Inning
Duval got into a bad hole in the fourth but the team managed to pull him out of it. Massey drew a base on balls and went to second on Patterson's sacrifice. Foster then drew a base on balls and Jolly struck out. Belts hit to centre field for a single, but Howard threw the ball to the plate so quickly that Massey who tried to make home run back to third. Miller started for second but Huston sent the ball to Danzig, who caught Belts between the bases.

Danzig flied to O'Brien, Howard flied to Belts and Kane flied to O'Brien.

Score—Lowell 1, Lawrence 1.

Fifth Inning
Miller sent a fly to Kane in the fifth but the Lowell pitcher dropped it and Miller went to second on Reynolds' sacrifice. Adler struck out. Howard flied to O'Brien of a beautiful three bagger after making a beautiful running start in deep centre field.

In the latter half of the inning Vinson flied to Belts and Huston followed with a base on balls. Plaharty hit to Miller and was out at first. Huston going to second. Venable got a free pass but Plaharty struck out.

Score—Lowell 1, Lawrence 1.

Sixth Inning
In the sixth inning Massey and Patterson got singles and they were advanced on Foster's sacrifice. Jolly hit a hot grounder to Venable who threw it out at the plate. Jolly hit to second. Huston made a throw to second but instead threw to

Duval. Patterson started from third and Duval threw the ball to Venable and got Patterson off the base.

Lowell added another run in the latter half of the sixth. Plaharty and O'Brien in deep centre. Danzig hit to left field for a two bagger, scoring Duval and Massey. Danzig then came to bat and made a 10th hit by sending the ball to deep centre field for a three bagger, scoring Danzig, Kane and Vinson sent granders to Jolly and were out at first.

Score—Lowell 2, Lawrence 1.

CAN TALK AGAIN

Sammie Ross Is a
Happy Boy

ANN ARBOR, Mich., Aug. 14.—Little tow-headed Sammie Ross is the proudest and happiest youngster in this town. For one thing he can talk, and for another, he is home again, with father and mother and little sister.

Sammie is a youngster of 5, and when you ask him how it seems to be able to talk, he says "daddy, you bet."

At midnight the first day of last November little Sammie lay dying of diphtheria. Hastily a doctor was summoned and giving one look at the child, he reached for his case of instruments.

Your child is dying; he has not five minutes to live," said he. "He is choking to death. There is but one chance in a thousand; we will take that chance."

In the room there was one smoking kerosene lamp. Thrusting the lamp into the father's hand, and lifting the child, now almost dead, upon a table, the doctor started to operate before the father knew what was being done. But the flash of the steel in the dim light, the bare throat of the child, the hand descending, and—well, the father dropped the lamp in his fright.

Fortunately, the surgeon's hand was skilled to steadiness, and the cat went true. There was a gasp, a caught, a tube hastily inserted in the trachea and then began a hand-to-hand fight with death.

What the surgeon did was to perform tracheotomy, which means to establish an air passage through the outside into the windpipe by making an incision in the windpipe about two inches long in inserting therein a tube.

When it was possible, the lad was brought to the University hospital, where he has been a study for the summer medics ever since.

But, though these were along, and though every care was taken of the lad, it was never safe to remove him until a month ago.

THE LITTLE SHAH

Enters Protest Against
Being Married

TEHERAN, Aug. 14.—The twelve-year-old shah, despite his protests, is shortly to be officially married. His father is now being arranged.

Since the shah's accession to the throne he has been most miserable. He declares he is the unhappiest boy in Persia. He weeps continually, saying that his one desire is to accompany his father into exile, while his mother declares the nationalists will eventually kill him.

A rumor that the ex-shah is plotting to regain his son is current here. The plan was made to effect his son's escape while the boy was riding in the country last Monday. The shah, once he had fled, he returned to the palace, galloped away and endeavored to reach a carriage which his father had awaiting him. The shah's attendant realizing the trick, pursued and drawing a revolver, said:

"If your Majesty doesn't dismount, I'll shoot myself."

When the shah saw that the plan had failed, he returned to the palace heartbroken, and later attempted to commit suicide.

SARATOGA, N. Y., Aug. 14.—First race—Six furlongs, \$400 added, selling. Cherroila, 107, Greely, 1 to 1, 1 to 1, 1 to 1, out first; Judge Lansing, 98, Davenport, 5 to 2, 2 to 1, 1 to 1, second; Chippin Swanson, 112, rat, 15 to 1, 1 to 1, 7 to 1, third. Time, 1:12.

Love Watches, Centrola, Henderson and Ling Field also ran.

STEVE HORVATH NEW INSPECTOR
Striker Killed at McKees Rocks Buried

PITTSBURGH, Aug. 14.—"Steve" Horvath, the striker who was killed during an attack on Major Smith's negro, at McKees Rocks Thursday, was buried today.

Three thousand strikers from the Pressed Steel Car company's plant escorted the remains to Pittsburgh from Schenerville, while the balance of the strikers stood guard at the works on account of a rumor that more men would be taken into the car plant during the funeral service. Nevertheless, the violence of the strikers, it is said that 200 additional men were taken into the plant during the day.

TRACKLESS TROLLEY CARS
WASHINGTON, Aug. 14.—Trackless trolley cars for suburban and interurban traffic are being built in England, Italy, and the Valley of the Rhine, says Council Hume at Hull, England, in connection to the state department a report made by the City Council of Leeds, England.

MAYOR OUT OF TOWN HOSTILE FORCE

Has Landed on the Southern Coast of Massachusetts

BOSTON, Aug. 14.—When Governor Ellen A. Draper was theoretically startled at 10 a. m. today with news that a hostile force had landed on the southern coast of Massachusetts and was threatening the military safety of Boston, the most extensive game of hide-and-seek that has ever been played in the northern states was fairly underway.

In accordance with the rules laid down by the war department, Gov. Draper at once called upon Adjutant General Wm. H. Brigham to defend the Hub against the attack and some 7000 troops were at once ordered to the front, under the command of Brigadier General William A. Pew.

It was, of course known to all parties that the attacking force consisted of several companies of the United States coast artillery from the forts in and about New York and a number of regiments of militia from Connecticut, New York, New Jersey and the District of Columbia.

The sham battles which will be fought in Bristol and Plymouth counties next week between the Blue army of defense and the Red army of attack, whose forces were assembled today, will demonstrate whether Massachusetts and especially Boston, is sufficiently protected against a foreign foe.

It has already been demonstrated to the satisfaction of the military authorities of the country that no hostile fleet can successfully run past the forts in Boston harbor, and the object of the present maneuvers is to ascertain whether such a foe can successfully make a rear attack against the city.

The rules for the present game provide that the attacking force shall be landed from transports under the supposition that no American battle fleet was off shore to prevent the approach of the foe. It has also been provided that while Massachusetts authorities were notified of the immediate presence of the enemy, the strength of the force, and its disposition could not be ascertained, as all telephone and telegraph wires were theoretically out of commission. It will therefore be General Pew's duty today to assemble his army and locate the enemy by such means as would obtain in actual warfare.

At the request of the military authorities the small army of war correspondents in the field with both forces will abstain from giving the exact location of the regiments, and while carrying out the wishes of the military experts, it is not violating any confidence to state that troops from all over the state were rushed to southeastern Massachusetts and that the vanguard of the attacking force, under Major General Tasker H. Bliss of the regular army, actually landed on the shore of Bristol county and that the regiments from Connecticut, New York, New Jersey and the District of Columbia were expected to disembark before night.

Major General Leonard Wood, commander of the department of the east, and the instigator of the game, is the chief umpire of the contest and will have the assistance of a small army of military experts from Washington.

Several months hence, after all these umpires have made their report, the honors of war will be awarded.

In the course of the forenoon, official New York, and later in the day established headquarters in this city. The news that a large part of the invading army had landed somewhere on the coast of Buzzards Bay, Bedford. When questioned regarding the preliminary movements in war, Gen. Wood said:

"I do not know where the Red army will take up its position, although I am informed that it will be at the head of the Acushnet river. I am not concerned in the movement of the troops or either army except to watch them for my own information. Those of the invading army are under the control of Gen. Bliss. I do not anticipate any activities during Sunday as both armies will be busy establishing headquarters and they will not be near each other."

General Leonard Wood, chief umpire of the war game, arrived at New Bedford today on the steamer Maine from Boston.

State Factory Inspector Arthur Roche of Worcester will come to this city next week to take charge of the Lowell district.

STRUCK BY TRAIN
THOMAS MCGUIRE INSTANTLY KILLED AT BEVERLY

BEVERLY, Aug. 14.—While crossing the tracks of the Boston & Maine railroad here today, Thomas McGuire, 31 years of age, was struck by the Portland Express and instantly killed. He leaves a family.

MAINE'S SAILORS
WILL HOLD RECEPTION ON BOARD SHIP

PORTSMOUTH, N. H., Aug. 14.—The going out of commission of the U. S. S. Maine will be marked by the reception of a big reception by the crew of the battleship, who made the trip in her around the world.

REV. W. H. GRANT VESSEL THAT WILL RECTIFY OCEAN CHARTS OF ENTIRE WORLD ON FIFTEEN YEAR VOYAGE

Former Lowell Priest Transferred

Rev. W. H. Grant, formerly attached to St. Peter's church in this city, has been transferred from St. Vincent's church, South Boston, to St. Peter and Paul's church, South Boston. Rev. Fr. Callahan of Hingham is transferred to Ayer.

WIRELESS

MR. CHAS. M. FRYTAG REPRESENTING DEFOREST COMPANY

The wireless telephone and telegraph, known as the DeForest system, is rapidly becoming popular on sea as well as on land. The Marconi wireless despatch can be caught by any ship equipped with the wireless, but not so with the wireless telephone, as each telephone is tuned to a particular key and can speak with telephones only of that key. The key is regulated by the number of vibrations which is practically unlimited, and thus a close circuit telephone for a commercial purpose is available through the DeForest invention.

A company is rapidly extending the wireless telephone on the vessels of the Great Lakes and along the Gulf states and the Atlantic coast. An article printed in Harper's Weekly of July 17 makes the most astounding claims in regard to the possibilities of wireless telephone and telegraph of the DeForest system, and says that it is quite probable that within twenty years the wireless telephone will have entirely superseded the present systems for this reason that it is cheaper to install, to maintain and to operate. It is claimed also that it will do things that the wire telephone cannot do and no storm or disturbance, atmospheric or otherwise, can affect it in the least. Mr. Charles M. Frytag of Lynn is the representative of the DeForest company in this district. He will be at the American house next Tuesday to confer with anybody who wants to know more about the company's business which is very rapidly growing in volume and importance.

FIFTH OFFENCE

MILFORD BOY WAS FOUND AT NASHUA

NASHUA, N. H., Aug. 14.—Charles W. Wilkinson, aged 10, son of Albert Wilkinson, a coal dealer of Milford, N. H., was arrested here early last evening and later taken to his home by his father in an automobile.

The boy was a deserter from driving horses and yesterday afternoon he committed his fifth offence in taking one. He found a black horse hitched to a top heavy standing near the Baptist church in his town about 1 o'clock, took the rig and drove to this city. Meanwhile the Milford police notified the Nashua police and Nashua stable keepers that the team had been stolen. When the team arrived the team was recognized by Fire Commissioner Frank T. Lewis, a stable keeper. He took the boy and horse to his stable and sent for the police. He was found at the station house by his father, who brought Chief of Police Ryan to Milford with him. The chief drove the horse back while the father took care of the lad.

BADLY INJURED

TWO CHILDREN FELL INTO AN AIRSHAFT

BOSTON, Aug. 14.—To escape the dangers of a crowded pavement Freda Olinsky, 8 years old, and her brother Charles, 2 years younger, went to the roof of their home, 71 Phillips street, to play yesterday afternoon and fell down one of the airshafts which abound in tenement districts. Just how it happened is not known, but persons in the house heard the fall and forced the children. They fell some stories and were unconscious when picked up. The girl was taken to the relief station and appeared to be the least injured of the two. Mrs. Ida Olinsky, the mother, carried the boys to the Massachusetts General hospital, a few blocks away. The boy sustained a fracture of the lower jaw, injury to both legs and body, and a probable fracture of the skull. His name was immediately placed on the dangerous list. At the relief station it was said that the little girl was considerably bruised but was not in danger.

FOUR TRAMPS

MADE AN ATTACK ON A BARTENDER

ROME, N. Y., Aug. 14.—Wild western faces were yesterday used by four tramps who attacked Joseph Lombardi, a bartender at Rome's saloon here. As a result he hovers between life and death in the Rome infirmary. Lombardi refused to sell them beer and they lay upon him, one of them using a knife. One man is in custody. He gives his name as James Hayes of New York. When arraigned in court Hayes admitted that he was one of the four men who visited the saloon, but denied having anything to do with the assault.

THE NEW TAVERN STORE Phone 111-3 255 CHELMSFORD ST.

NEW YORK, Aug. 14.—Fully equipped and manned, the magnetic yacht, the Carnegie is ready to sail on the first leg of her fifteen year voyage to correct the magnetic charts of all the oceans of the world. The vessel, which cost \$125,000, is as nearly nonmagnetic as it is possible to make a modern sailing craft. For all her metal fittings except a few steel valves and the piston rods of her little engine are of bronze. Every piece of metal put into the yacht was thoroughly tested for magnetism, and scientists agree that her compasses will point to the magnetic pole without the slightest variation from every angle of the globe. The undertaking is directed by the Carnegie institute at Washington, and the work of charting the seas will be done by Commander Wm. J. Peters, scientific representative of the institute.

of the vessel. The Carnegie goes first to Hudson bay, and returning to New York in the late fall, her hull will be sheathed with copper to protect it from worms when she cruises in southern soil.

MAYOR OF BROCKTON

Says There Were no Grounds for Charge of Graft

BROCKTON, Aug. 14.—Members of the city council committee on fire department affairs and a commission which had been appointed to investigate the alleged graft in the sale of the John H. Healey lot in this city as a site for a fire station, yesterday afternoon, announced the charges of graft made by George A. Carter, a Montpelier manufacturer.

Mayor John S. Kent summoned the committee to city hall at 2 o'clock yesterday afternoon. City Solicitor William G. Rowe acted as adviser. Also present were every member of the committee, Aldermen Harry C. Howard, William A. Snow and Cornelius William A. Snow, Charles H. Holt and Omar W. Langley. The mayor presided.

George A. Carter was first called. His testimony in part follows:

"I was in my office. Mr. Brigham came in some time in May. He said that the city was going to purchase the Healey lot for a fire station. One of the committee had been selected to buy and had \$2500.

"You have got a chance to protect yourself," he said. "A fire station will hurt your property. You have a chance to block the game and make money. He explained that he had an option on 190 feet of the lot for \$2500, and this is your chance," he said, "to enter the deal and sell the lot yourself." I told Brigham it looked like a holdup and would not enter into a holdup of the city. I thought it an outrage.

"Did you understand Brigham's offer was to protect yourself or otherwise?" asked the mayor.

"I could either block the plan to build a fire station or sell the city at a profit," Mr. Carter replied.

"You understood one of two things—either he wanted you to protect your-

self or enter into a plot to defraud the city."

"I won't say whether he presented a money proposition first or not. I thought it a money affair," answered Carter. "Brigham said that there would be a good profit for all concerned. Brigham and I would be in it."

"Did he say anything about a member of the city council fire committee being in it?" asked the mayor.

"He said that a committeeman could dictate or block the sale, and if I bought the city would buy," was the answer.

"Was anything said to lead you to think that there was a profit for a member of the city government?"

"I think there was graft there. There were no names mentioned except that a member of the committee had money to handle. My opinion was that a committeeman was in the deal. I understood I was to be put in to make money for all of us."

Other witnesses were then heard and William J. Brigham, agent for Healey in the negotiations, gave a long statement of all the negotiations.

After a further consideration of testimony the mayor made the following ruling:

"After a hearing on the evidence of the charges by George A. Carter, I find that the charges have not been sustained."

"From Mr. Carter's own testimony nothing appeared to show that any profit would accrue to any member of the city government and he denied any intention that his charges should be so construed."

"Mr. Carter denies having made certain statements to the newspapers which reflected upon the honesty of certain members of the committee on fire department."

"John S. Kent, Mayor."

BOOKER AND JACK

America's Two Foremost Colored Men on Same Platform

CHICAGO, Aug. 14.—Booker T. Washington and Jack Johnson, the intellectual and physical giants of the negro race, met face to face at Quinn Chapel last night while more than two thousand colored men cheered until they were tired. The educator had come to Chicago to tell the men of his race to be clean and strong, talking from the platform, while the pugilist, who in the front rank of living examples of the doctrine of health and strength that was preached.

When a subscription list was started in the audience to raise a debt of \$500 on the charge the teacher from Ala-

hama gave \$15 and the champion heavyweight gave \$10. The other \$10 subscription was sent by Senator Lottimer.

The speaker stood waiting to begin his address when the pugilist was discovered at the rear of the church. Cries of "Jack Johnson" were heard from all parts of the room until a delegation was sent to escort him to a front seat. He marched down the aisle amid a storm of applause, bowed to the orator from Tuskegee and was recognized with a smile, but declined to take a seat on the platform.

\$100,000 FOR BLIND

Large Sum of Money for the Perkins Institution

PROVIDENCE, Aug. 14.—John Edward Brown, who in the earlier part of his life resided in Chicago, where he accumulated a lot of money from his investments of a large inheritance, and \$100,000 is to be paid to the Perkins who later was a resident of Boston, in a substantial manner, made Boston, Chicago and Providence charitable institutions beneficiaries under his will, which was filed for probate here yesterday. About a month before his death he came here to live with a relative, Mrs. S. S. Carragee of 241 Lexington avenue.

By his will, of which Walter L. Beave of Hingham, Mass., is to be the executor, Mr. Brown gives \$100,000 outright to his widow. The remainder of the estate is to be divided into three equal parts. Mr. Beave and James M. Scott of this city are made trustees of one of these funds to be used in one to ten and on the other part \$20,000 to the Home for the Blind in Chicago, \$20,000 each to the Home for the Blind in Boston and the Home for the Blind in New York, and the remainder to be divided among the Perkins Institution, the Perkins Institution for the Blind in Boston, and the Perkins Institution for the Blind in New York.

"DIP" AT WILLIAMS FARM ON MERRIMACK VALLEY RACE COURSE

DARING DRIVERS

Walter Christie and Barney Oldfield Coming Here

Will Try to Lower the World's Records in Speed Trials Over the Merrimack Valley Race Course Carnival Week

While interest in the automobile carnival seems to center on the light car races on Labor Day and the national stock chassis race on Wednesday, Tuesday will be none the less interesting. On that day Walter Christie in his high power front drive machine together with Barney Oldfield in the big Benz racer and several other notable as well as daring drivers will be seen in the trials against time, the distance of the heats varying from one to five miles.

The one and two miles speed trials will take place on the speedway of the boulevard, while those of the longer distances the start will be made at the upper end of the boulevard near Tyngsboro and the finish will be at the tape in front of the grand stand.

Christie's New Car

As an ardent and altogether consistent advocate of front driving, from the construction of his first car up to date, Walter Christie is well known. His long and costly apprenticeship has culminated in the present example of a chassis designed to take either four cylinders of 5 1/2 inch bore and 7 inch stroke or 7 1/2 inch bore and 7 inch stroke.

Christie has built in all seven different cars, all front wheel drive. His first car was built in January, 1904 and had a record of a mile in 55 seconds straightaway. Front driving also characterized the second car, the following year. At the Grand track meet that year he negotiated the mile in 49 seconds.

This car made a record mile in 55 seconds at Atlantic City, April, 1905. His third and fourth cars were also speedy and the fifth car which he designed and made, did a mile in 55 seconds at the Grand track meet, in 1906.

The seventh car and the one which he is using at the present time and which will be the one driven in the Lowell races was placed on the road a little over a month ago, July 5. This car is fitted with four sets of valves, 32-inch bore and 7-inch stroke, 32-inch bore and 7-inch stroke, 32-inch bore and 7-inch stroke, 32-inch bore and 7-inch stroke.

The motor and radiator are of unusual size and the car as a whole is of unusual size.

THE HEALTH OF YOUR HORSE

BURGLAR CAUGHT

He Was Held Up by a Young Boy

PITTSFIELD, Aug. 14.—About 5 o'clock yesterday morning, members of the family of William S. Jones, a West Chester, Pa., resident, were awakened by a young boy, who was in the room of Mr. Jones, and was in the room of Mr. Jones, and was in the room of Mr. Jones.

AT MARBLEHEAD

Racing Yachts Gather for Coming Events

MARBLEHEAD, Aug. 14.—Feeling that the boats in the M. N. and P. classes have had very little opportunity for racing in New England waters, and that comparatively little data has been obtained from their performances elsewhere, a movement has been started here for a series of races for these yachts for the week of August 25, which comes between the American Yacht Club regatta and the Boston Yacht Club regatta.

The sloop Gardania owned by L. S. Henshaw of New York is expected here the last of next week and the other yachts which will make up the fleet are expected to arrive by the first of next week.

Worcester, Aug. 14.—Lieut. Geo. H. Hill of the Worcester police department returned to this city yesterday from Jaffrey, N. H., where he recovered \$1500 worth of diamonds stolen on Wednesday night from Mrs. Caroline S. Liscomb of this city while she was returning home from a vacation.

Mrs. Liscomb had been visiting at the summer home of Henry Wyman of Worcester, at the foot of Mt. Wachusett, and was on her way to Worcester with Miss Gertrude D. Wood of 21 Harvard street when she stopped at a hotel in Jaffrey for dinner.

The Worcester woman went to a room on the second floor to prepare for dinner. She had a small trunk and a bag, and a small trunk and a bag, and a small trunk and a bag.

There was a very good musical program as follows:

Piano solo, Mr. Olsen; vocal solo, Miss M. Doyle; piano solo, Ralph Carver; recitation, Mr. John Downes; violin solo, Miss Elizabeth Klerman; piano solo, Miss K. Heston; vocal solo, Mr. E. H. Shaw; piano solo, Miss M. Sullivan; vocal solo, Mr. J. W. McCaffrey; piano duo, Mr. Tony and Andy Doyle; vocal solo, Miss Lilla Shear; piano solo, Miss M. Doyle; a quartet composed of Tony and Andy Doyle, John McCaffrey and Ed. Doyle gave several selections. The program ended with a song by the party broke up at a seasonably late hour.

PRESIDENT TAFT MANY ATHLETES IRA H. MORSE TWO ARE DYING

Approves Appointment of 330 Census Supervisors

BEVERLY, Aug. 14.—At an extended conference last night with Secretary Nagel of the department of commerce and labor, President Taft approved the appointment of 330 supervisors of the 14th census. The president had previously approved the appointment of every man required for the census, however, when the two cabinet officers and the director of the census arrived in Beverly yesterday afternoon, and these were put up to the president for settlement.

There has been marked discontent among some southern republicans over the decision of the president to divide the census patronage in the states of the old south.

Col. Cecil Lyon, republican national committeeman, came all the way from Texas to tell the president that he would rather have the state put in charge of one supervisor a good republican of course than to have to divide the congressional districts with the democrats.

When it is considered that each census supervisor will have a tremendous field force of enumerators under him, the extent of the census patronage may be readily realized. Each of the supervisors will receive a salary of \$2000 and their work will extend over

Took Part in the A. A. U. Games

SEATTLE, Wash., Aug. 14.—Before an enthusiastic crowd the first day's events in the annual championship meet of the A. A. U. was held in the Alaska-Yukon-Pacific stadium yesterday afternoon. Yesterday's program was given over entirely to the javelin, the team entered under the colors of the Seattle Athletic club carrying off the honors with ease.

A new American record was established in the javelin throw, B. Gish of Seattle club hurling the spear 144 feet. The previous American record was made by H. Adams at Philadelphia on June 6, 1908, when he threw the javelin 131 feet, six inches.

An A. A. U. record was made in the mile run, when J. Ballard, of the Boston Athletic association made the four laps in 4:24 3-5. Summaries:—

100 yards dash final, F. Nelson, Seattle A. C. won; I. Courtney, Seattle A. C. second; W. F. Dawkins, N. Y. A. C. third. Time—10 1-2.

200 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—21 3-4.

400 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—51 1-2.

800 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—1:51 1-2.

1600 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—3:51 1-2.

3200 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—7:51 1-2.

6400 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—15:51 1-2.

12800 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—31:51 1-2.

25600 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—63:51 1-2.

51200 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—127:51 1-2.

102400 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—255:51 1-2.

204800 yards dash final, F. Nelson, Seattle A. C. won; W. F. Dawkins, N. Y. A. C. second; I. Courtney, Seattle A. C. third. Time—511:51 1-2.

A QUEER CRITICISM

Professor Reich in his latest work "Women Through the Ages," when comparing American women with their sisters in other countries says: "These women—the American maid and wife—are fundamentally different from their sisters in Europe, whether in the past or present. Far from taking the slightest interest in man, they look down upon him. Man in America plays neither first nor second fiddle, he does not even beat the drum."

embroidery heading and narrow fringe

cuffs.

THE ICE PROBLEM.

It would certainly take a great deal of time to obtain from its use.

A water tank placed beside the tank will furnish water cool enough for drinking.

A PARISIAN NEGLIGEE OF PINK
CRAPE.

ge. This fabric comes in many pretty designs this season, and the materials, although rather expensive, are wide, do up wonderfully well and require little trimming, because the surface is so well covered. A small little matinee of white crepe-satinette, short waisted and slightly open, has no trimming save bands

MISTAKES OF SOME WOMEN
